At abgo.co.uk we make every effort to ensure your order is delivered safely, in good time and in working order.

2. Order Confirmation

As part of your order process with abgo.co.uk you will be emailed an order confirmation to the email address that you have entered on the registration form or an alternative address, should you have entered this during the ordering process. We recommend that this email is saved for future reference and a copy printed and filed for future use if required. This also includes details of our order cancellation and returns policy. In the unlikely event of a complaint or a request to return goods, you will be required to include the order confirmation number that is issued on the order confirmation document. Failure to provide this number may delay you claim or even result in a claim for return being refused.

Please inspect your purchase as soon as you receive it.

It is your responsibility to make sure that the items are returned to us safely and without any further damage so please ensure it is packed safely and securely. We recommend using a recorded delivery service.

When our returns department receives the item they will inspect it carefully to establish the nature of the fault or defect.

Please note that warranty is dependent on the parts ordered and our supplier's discretion. Faulty parts must be accompanied by a report from the engineer stating the nature of the fault.

Due to the function of thermal links, thermal fuses and cut outs these parts are not guaranteed.

5. Delivery

Once your order has been received we commit to deliver the goods within 21 days from the date of order, unless otherwise stated on the order confirmation. We will do our best to meet or better this delivery date; however should there be a reason for delay of which we are aware we will email you with a revised delivery date. There may be some circumstances where the delivery is delayed through no fault of abgo.co.uk, i.e. postal delays, bad weather etc. In these circumstances we will do our best to help, but cannot be held responsible for late delivery.

3. On receipt of your notice of order cancellation you will be given a returns authorisation number, please write this in the Returns Authorisation No. box along with the other required fields on the returns paperwork that is supplied in the box with your goods. Please include this with your goods to be returned so that we can process your refund promptly.

4. Under the DSRs the cost of returning the item to us is at your own expense. We recommend that you insure the return shipment as you are under a duty of care to take reasonable care of the goods and will be liable for damage to them until we receive them in our warehouse. We also recommend that you use a secure, traceable means to return your goods to us and that you retain proof of postage, in case of dispute. On receipt of your returned goods a full refund, including the initial cost of shipping will be issued. Please send goods back to:

Returns Dept

5. As an alternative to your rights under the DSRs we can arrange collection of your cancelled order. If you wish us to do this please tell our returns dept. at the same time that you inform them of your wish to cancel your order and they will arrange collection via DPD. If you choose to use this service your refund will only be for the value of the returned goods, not for the original carriage charge.

7. Refunds

We aim to refund customers within 7 working days of receiving your goods back into our warehouse. Once processed, refunds will be transferred back to the original credit card.

These guarantees are in addition to your statutory rights, which remain unaffected.
