

RAYBURN

NEW FIRE SUITES AND ELECTRIC FIRES

Home heating from RAYBURN

Introducing our NEW Rayburn Stratus fire suites and electric fire collection

There are few things as relaxing and evocative as watching a real fire flicker away. The mix of cosy warmth and beautiful flames guarantees to make even the chilliest of days snug and comfortable. The new collection of Rayburn electric fires has been designed to emulate the restful appeal of the real thing. Offering the ultimate flame picture combined with controllable heat, a Rayburn Stratus fire gives both the look and cosiness you'd expect along with ease and efficiency.

It couldn't be easier with our new range of fire suites to create the perfect focal point for your home. Available in three chic and stylish designs to fit all variations of the

Stratus electric fires – there's something to suit every home. They need no building work and you don't need a chimney or recess. They're perfect for spaces where there are building restrictions and allow you to enjoy the welcoming appeal of a fire wherever you live.

Rayburn Stratus fires and fire suites are manufactured to the highest possible quality and the Stratus fires have vibrant, variable multi-coloured flame pictures, which allow you to set the style and mood, meaning you have a truly unique fire. With only a 13amp supply needed for the Stratus fires, you are guaranteed an easy installation for your home.

RAYBURN STRATUS SLIM AND EXTRA SLIM FIRE SUITES AND FIRES

These beautifully designed suites will fit both the slim and extra slim range of Rayburn Stratus fires. The fires offer the ultimate choice in slimline fires and are available in a variety of sizes to suit your home.

RAYBURN STRATUS EXTRA TALL FIRE SUITE AND FIRES

Fires in this range offer increased height and surface area to create a real style statement. The Rayburn Stratus fire suite has been designed to perfectly showcase the fire for a real aesthetic appeal.

RAYBURN STRATUS TRU VIEW FIRE SUITE AND FIRES

The Rayburn Stratus Tru view fire suite and fire offer a unique range of fires that give you the option to showcase a 3 sided view of the stunning flame pictures. With a deep fire bed and over 60 flame pattern variations available, you can truly personalize your fire for your home.

RAYBURN STRATUS™ EXTRA SLIM AND SLIM FIRE SUITES

These beautifully designed fire suites are built to complement the range of both slim and extra slim fires. The Stratus fires come in a choice of 2 designs, the slim and extra slim and are available in various sizes. The exclusive fire suites have been designed to fit the size of fire you choose perfectly. Designed for an easy install, the Rayburn Stratus Fire Suites are manufactured from MDF and can be painted to the colour of your choice to fit beautifully into your home.

The Rayburn Stratus Slim fire range is available in two popular widths – 100cm and 125cm – and offers a deeper media bed than Extra Slim models, giving you an increased depth to the appearance of the fire. This provides enhanced visual performance, which increases the stunning effect of the flame pattern.

All electric fires have the option to choose a no-heat setting with a variable flame effect to give a beautiful, relaxing glow in the room. The colour LED light strips allow for multi-coloured flame options. With just the click of the remote control, you can mix red, yellow and blue elements to create a pattern unique to you.

All Rayburn Stratus fires come complete with a remote control to adjust heat output, flame patterns and you can also control the top down colours to create a warming glow from your fire.

FIRE SUITE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT
Stratus™ 75-30 Extra Slim	1525mm	2135mm	150mm	28kg
Stratus™ 100-30 Extra Slim	1525mm	2135mm	150mm	28kg
Stratus™ 125-30 Extra Slim	1525mm	2135mm	150mm	28kg
Stratus™ 100-30 Slim	1525mm	2135mm	150mm	28kg
Stratus™ 125-30 Slim	1525mm	2135mm	150mm	28kg

RAYBURN STRATUS™ EXTRA TALL FIRE SUITE

The Extra Tall fire suites showcase the Rayburn Stratus Extra Tall fire range beautifully and help create a stunning centrepiece for your home.

With 2 suite sizes available, this collection creates a truly cozy setting.

Rayburn Stratus Extra Tall fires are available in 2 widths and offer so much more when it comes to appearance and visual effect. They have an increased height to the fire aperture, meaning you can enjoy the realistic effect of taller flames

dancing above the media bed. LED lighting technology ensures a vibrant realism to the beautiful flame pictures.

The fires also feature an 11-piece log set which is set out on the media bed for added effect. The logs work perfectly with the down lighter feature, which highlights the logs with vibrant colour and shade. Extensive colour variation, full remote control functionality and thermostatic temperature control ensure these fires help create a unique look in your home.

FIRE SUITE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT
Stratus™ 100-44 XT	1372mm	835mm	430mm	32kg
Stratus™ 125-44 XT	1625mm	835mm	430mm	37kg

RAYBURN STRATUS™ TRU VIEW FIRE SUITE

To create a truly unique fireplace for your home, choose our Rayburn Stratus Tru View Suite and fire. The Tru View fires have a 3 sided view option to create a stunning centrepiece for your room.

The flexible design of fires in the Tru View range means they can be installed to offer a three-sided, two-sided or single-faced flame picture, depending on room size and appliance setting.

With a three-sided unit, you can enjoy the stunning flame picture from the sides as well as the front, making this ideal

for larger rooms and as the focal point in a living area. The two-sided model can easily be installed into a corner space.

Plus, with all the features of the Extra Tall range – including depth of media bed, log effect features, variable flame picture, remote control operation of fire and heat with thermostatic controls – the Rayburn Stratus Fire Suite and Fire will add an additional dimension to your room.

FIRE SUITE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT
Stratus™ 100-39 TRU	1475mm	935mm	430mm	37kg
Stratus™ 125-39 TRU	1725mm	935mm	430mm	42kg

Rayburn Stratus Fire collection

If you are looking for the perfect electric fire for your home, the Rayburn Stratus fire collection offers you a choice of style and sizes to create a look you want. Offering an easy install with just a 13amp supply, powerful heat output of up to 1.9kW and no flue, the Stratus electric fire ranges are the perfect choice for your home.

RAYBURN STRATUS™ EXTRA SLIM RANGE

This beautifully designed built-in fire is available in three sizes, offering the ultimate choice in slimline fires with a reduced depth. This means the freedom to install in any room in your home because – as with all the Rayburn fires - no flue is required.

FIRE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT	HEAT OUTPUT
Stratus™ 75-30 XS	741mm	504mm	130mm	23kg	1.9kW
Stratus™ 100-30 XS	995mm	504mm	130mm	23kg	1.9kW
Stratus™ 125-30 XS	1249mm	504mm	130mm	34kg	1.9kW

RAYBURN STRATUS™ SLIM RANGE

Two sizes are available in this collection, both offering a sleek, stylish look. With a deeper fire bed than the Extra Slim range, these fires offer a greater depth to the flame picture.

FIRE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT	HEAT OUTPUT
Stratus™ 100-30 S	995mm	600mm	192mm	40kg	1.9kW
Stratus™ 125-30 S	1249mm	600mm	192mm	48kg	1.9kW

RAYBURN STRATUS™ EXTRA TALL

Models in this range offer increased height and surface area to create a real style statement. Using the latest technology to create a beautiful and realistic effect, loose dancing flames are visible across the entire height of the unit, enhancing the aesthetic appeal.

FIRE DIMENSIONS

MODEL	WIDTH	HEIGHT	DEPTH	WEIGHT	HEAT OUTPUT
Stratus™ 100-44 XT	995mm	750mm	322mm	53kg	1.9kW
Stratus™ 125-44 XT	1249mm	750mm	322mm	50kg	1.9kW

RAYBURN STRATUS™ TRU VIEW

Tru View models offer ultimate flexibility. The design allows the fire to be viewed from three sides, creating a striking flame picture. This model can be set in a corner location and viewed as a two-sided appliance, or even as a single-sided design. It comes in a variety of lengths for ease of installation and to ensure there's a model perfect for your home.

FIRE DIMENSIONS
